ABOUT ME

I am a highly motivated 2nd-year BTech student specializing in Information Technology, with a strong focus on frontend development. My expertise includes building responsive, user-centric websites and applications using technologies such as React.js, JavaScript, and Figma. Currently, as an intern at Innovative Solutions, I have gained valuable experience in developing interactive user interfaces and collaborating effectively within a team. I am committed to continuous learning and growth, with the goal of contributing to high-impact projects while enhancing my technical proficiency. I believe in leveraging strong problem-solving abilities, effective communication, and teamwork to deliver exceptional results in every project.
